OPENS FOR APPLICATIONS**

Every spring, Peninsula Odd Fellows Lodge #128 awards laptop computers to graduating seniors who have exemplary records of community service.

On March 6, 2018, Peninsula Odd Fellows will begin accepting applications from local students and teachers who wish to nominate a student. Applications will be accepted through April 22, 2018.

The Peninsula Odd Fellows has served North Portland since 1895, “we are dedicated to improving our city, and uplifting it’s people,” says long time member Joan Sheer. “A lot has changed since 1895, but our commitment to serving North Portland has not.”

Students may apply for this year's award through their school or by visiting the website of the Peninsula Odd Fellows. Awards are based on community service not on academics. <http://www.keeportlandodd.com/Laptop-Award.html>
